Allowable subject matter

Claims 1-37 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art neither discloses nor suggests the following limitations, in combination with the remaining elements as disclosed in claims 1 and 14:

a business system outside the air control system, including a second SQL database server including a stored procedure for sending a request for updating to the first SQL database server and copying the operating data from the first SQL database server based on the request to allow a user of the business system to use the operating data in the second SQL database server and a secured network including a data transfer link between the first SQL database server and the second SQL database server and a firewall for access control to the first SQL database server and the second SQL database server for exclusively implementing a one-way transfer of the operating data between from the first SQL database server and to the second SQL database server using the stored procedure to prevent the data in the first SQL database server from being corrupted by the user of the business system such as required by Claim 1;

sending a request for updating from the second SQL database server to the first SQL database server through the secured network, the second SQL database server being in the business system outside the secured air traffic control system; and copying the operating data from the first SQL database server to the second SQL database server across the secured network to allow the user of the business

Art Unit: 2163

system to use the operating data in the second SQL database server such as required by Claim 14.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
